

Shell Egg Academy

www.shelleggacademy.org

The 2024 Virtual Shell Egg Academy (SEA) is an egg production and processing 101 course that focuses on egg quality information and an interactive experience that is geared to employees who work in egg barns and processing plants.

Participants join a Zoom link for about three hours (12-3 pm EST) each day from April 29 – May 3 to listen to a variety of presenters from industry, academia and regulatory agencies while also given time to ask questions and interact with fellow classmates.

Virtual SEA offers live Spanish translation as well as coursework translated into Spanish.

Those who register to attend the Virtual SEA by April 1 will receive a "SEA Experience Box" prior to the virtual event.

Shell Egg Academy is divided into two courses:

Course 1: Live Production (April 29-May 1)

Course 2: Egg Processing (May 1-3)

*You can select either course or select both courses (to enroll in both, please select the appropriate two courses).

NOTE: Both English and a live Spanish translation will be available.

Virtual Shell Egg Academy Registration Categories and Fees:

Company (\$3,000 flat fee per course)

Allows a company to register *unlimited number of employees* to participate in Virtual SEA – either during the live academy or afterwards via a video portal

- Unlimited number of participants included in registration fee
- All participants will receive a certificate of completion
- English and Spanish translations offered live during SEA
- Company will receive access to all content to both English and Spanish for 6 months after the live class is complete with the option to renew the content for a fee after 6 months.
- Companies must register their individual employee names by April 1 to receive a "SEA Experience Box" delivered prior to the virtual event. (SEA will work with companies, once registered, to deliver one or more experience boxes, depending on the number of company registrants who will be participating in the actual virtual event in April. To keep costs reasonable for materials and shipping, a maximum number of experience boxes may apply per company registration.)
- Registration fee includes a Proceedings available for download (or a printed book is offered for an additional fee)
- Participants will need to provide their own swabs, candlers, and shell eggs

Individual (\$900 per course for 1 person)
